VINEMOUNT

The concert staged in the School House last Wednesday evening by local talent was a complete success, and was enjoyed by a large crowd, the school house being packed to the doors. Mr. Hugh Bertram of Honey Creek, made a very capable chairman. The Program was varied, consisting of Songs, Recitations, Selections by the Vinemount Orchestra; a radio installed for the evening, picked up a lot of local news and hits; speeches were given by Mr. James Ready and Mr. H. Glover of Fruitland. The proceeds which were voluntary and are to be used for charitable purposes amounted to over \$35.00. It is intended to hold another concert in two weeks.

A number from here attended the Hockey match at Grimsby on Friday night. What impressed the writer was the enthusiasm of the Grimsby Fans, who stood up all through the game. However the Vinemount people are also some Fans, for it takes some enthusiasm to tramp up the mountain through deep snow around midnight. Grimsby played a clean fast game and we wish them a championship.

Mrs. Brand, Sec. of the present starting at P. D. Granda. The high school of last Saturday has filled the roads again. The snow is packed solid and will be hard to shovel.

Friday—I can't understand what he isn't pa all his money. He keeps a telling me to get up early in the morning and get my studying and work all done up. He says the city bird catches all the worms. And he doesn't see how to answer me back today when I put it at him about whenever he gets hard up for money and of course he all ways goes to the banker to get it. And the bankers all charge later in the morning than me nonpaper men of which pa is one of.

Saturday—Ma set me to carrying out ashes this morning and I proposed a good proposition to her like this way. She was to give me 3 cents for every bucket I carried out. She didn't exactly turn me down. She just said, Well, money when I go crazy like that I will let you go all about it. Sunday—Well I guess Mr. Damon was a very mean man which's funeral was had yesterday. Pa was telling us that while he was still a living his wife all ways had to work her self to death cleaning up ashes which he left fall on the floor and the chairs and the davenport. And now when he dies he goes and has arrangements made to get cremated and set his ashes on 1 of the shelfs in the house.

Monday—We was out calling on our neighbors tonight and every time pa would commence to say every thing why ma would but in and interrupt him and when we came home pa got brave and talked her out about it. He said, Its getting so that the every time I can talk without you interrupting in on me is when I am talking in my sleep.

Tuesday—Ma didn't get much use for Pa's Stevens camera. Ever since his pa bought it and he got rich why Pa is getting so much use for it that he's nearly struts a standing still.

Wednesday—Pa says that Mrs. Damon won't stay a widow woman very long because on acct. she got a lot of insurance and property and she has got a hole mouth full of gold teeth and diamonds.

Thursday—Ma didn't look very well. But today she takes a new kind of cough. My throat good. And I got her what kind was they and she replied and said they was Asthma called. I said how could you call them asthma when she has the fits and said, Why there full of gas.

TEA MEETINGS APPROPRIATE PRICE LOWER

Tea prices are coming up mainly because tea is being demanded by millions more people. Tea is the cheapest and certainly one of the most palatable and satisfying beverages known. But the tea growers have been unable to meet the tremendous demand. It takes three years for a tea bush to mature to the picking stage.

COPS BOTHER PERCE AGAIN

Windsor, Jan. 25.—Liquor valued at more than \$20,000 was seized today when Inspector Monahan and a day 4 of the provincial police raided the home of Harry Lepain, Tecumseh road, Windsor. Lepain and Percy, who gave the same address, were arrested on a charge of keeping a hall of \$100 each to appear for a date to be set by Crown Attorney George A. Urquhart. Although Inspector Monahan refused to give details of the raid, it was learned a search warrant was issued for Lepain's residence after the provincial police had followed a motor car said to have been used to deliver liquor to Windsor customers. Two motor cars were seized at the Lepain home. Lepain was convicted on a similar charge six months ago by Magistrate Gundy.

Perce was convicted in Grimsby in August of 1923, when Inspector Kings found 44 cases of beer buried in a Peach orchard on his farm west of the town.

VEGETABLE GROWERS

A meeting of The Fruit and Vegetable Growers of Beamsville District was held in the High school, on Monday evening, January 26. To consider forming a branch of The Ontario Vegetable Growers Association.

R. H. Kemp, M. P., occupied the chair.

Mr. Geo. Rush from Toronto, addressed the meeting, stressing the need of the growers uniting for the purpose of protecting their interests, which the speaker declared, was in peril of extinction owing to unfair competition of other countries produce, which was being imported into Canada in ever increasing quantity.

Canadian growers cannot compete on equal terms, owing to climatic and economic conditions, prevailing in the United States and Mexico.

Sub tropical climate, and cheap labor, together with state aid, enabled the American Grower to dispose of his surplus stock and Canada was made the dumping ground for this surplus.

Owing to this condition of American dumping, Canadian growers were compelled to dispose of their products, at a loss, which has resulted in a large financial loss to the growers and placed more men upon the unemployed list and adding to the cost of taxation to cities and towns. Hundreds of greenhouses were forced to close owing to lack of sales. Many prominent growers were present, and a vote taken, it was decided to form a branch at Beamsville.

Election of Officers took place, and resulted as follows:

Mr. R. Potter, President
Mr. H. North, Vice-President
Mr. A. Allison, Secretary-Treasurer

A vote of thanks to the chairman for his service was then carried.

The meeting then adjourned, every member determined to work for the interests of the growers.

SHADOWLESS DAY FOR BRUF AND GROUND HOG

Bruf ground hog shook off his winter drowsiness to-day, stuck his nose through a layer of snow that covered his burrow, and waddled solemnly out to tell the world that all is well and that weather will be mild during the next six weeks. If the sky is cloudy when the woodchuck comes out February 2, according to widespread superstition, the animals cannot see his shadow and six weeks of mild weather certain. But if he sees the shadow he is frightened and goes back in his burrow protected from snow and blizzards. In the Niagara district he is called to see it. An overcast sky suggested early spring and mild weather so sure this remains to be seen.

Traffic Revolution
During the past year your Council authorized the employment of a Traffic Officer and while the emphasis in protection is road surfaces and the public generally, cannot be estimated

convincing that the saving on such road surfaces is a great deal greater than any outlay that has been made and such saving will increase as the restrictions, imposed by the "Motor Vehicles Act," are being more rigidly enforced. This will more definitely apply to the overloading of vehicles during the two restricted months of March and April. There is no question of the damage that is done to practically all classes of roads by the loads that all classes roads by the loads

The same argument may be set forth

outlets with projecting flanges, etc., on the wheels. An extensive damage has been done particularly to macadam roads by this traffic. I would suggest that a change be made in the "Motor Vehicles Act" to compel the licensing authority to, and the issue by the County of a License Plate to all tractors and trawling outfits, not with the loss of producing any revenue, but simply that the names of such owners could be available so that the owners' co-operation could be sought in protecting a road.

ing the year was \$392.60 and fines collected amounted to \$443.00, leaving a total cost of \$739.60 exclusive of provincial grant of \$791.84 or a net cost to the county of \$437.76.

One of the incidental duties of the public Officer has been the removal of signposts to trees and other structures along the roads, and such removal has been made to enhance the beauty of the country places.

The intelligent exception of the
 judgments of many of the roads is
 imposed by a lack of the traffic

**WE DO GOOD
PRINTING**

IN a less enlightened age people fought to safeguard their valuables. Often they placed them in a strong box which they hid in some secret place, hoping to protect them.

Today the safety and security of steel vaults eliminates the danger of loss by fire or theft, and give peace of mind for the safety of valuable belongings.

Documents lying unprotected in your home or office demand the security of a Safety Deposit Box.
